## From the Editor

It is well beyond time to step out of our cocoons and once again hit the dusty trails in our beloved T Series, believe me, the cars have missed you as much as you've missed them! We have a full load of events already announced for 2022, and God willing and the creeks don't rise, all will go on as advertised. For the T Series events we have two coming up that were cancelled from 2020, the Kimber Festival in Buffalo, NY April 22nd-23rd and GOF 108 (known as GOF 106 back in 2020!) in Watkins Glen /Corning, NY June 29th-July 3rd. Information for both can be found on the NEMGTR website. ([www.nemgtr.org](http://www.nemgtr.org)). Old time favorites British by the Sea in Harkness Park, Waterford, CT June 5th and British Motorcars in Bristol the following weekend June 10th -11th, along with BCNH Show of Dreams in July 23rd in Hudson, NH have also been announced. I expect many more events to pop up, so keep your eyes & ears open...as info becomes available I'll be sure to pass it along in the newsletter and with email blasts.

## Chairman's Cable

### *The Road Ahead*

Looking forward to the coming warmer months and the arrival of the 2022 driving season here in New England, we do hope to cautiously plan some safe, outdoor activities for the club where we can get together (taking some reasonable measures for social distancing), to see old friends and to give some very much needed exercise to our long-dormant MG's.

Please look for an e-mail in the coming weeks inviting you to participate in a virtual Zoom meeting to be held sometime in late March or early April by which we will try to convene an online business meeting and event planning session to discuss plans for 2022. We are going to try joining forces around this planning meeting with members of **The Bay State MGA Car Club** to combine our events, extending an open invitation to all, with the hope we may increase participation and give more options for our members to find an event suited to their liking, geography, interest, and individual safety comfort level.

We will focus on some planned drives (perhaps to some favorite local **outdoor** dining spots), or maybe just heading out on backroads into the countryside with picnic baskets in tow, to a scenic spot or park. That, and of course, we will also plan to **return this year to some of our traditional car show event venues** that many of us have avoided attending these past two years out of an abundance of caution with the ongoing pandemic, which thankfully, seems at last to perhaps be improving.

**Look for an email invitation to attend a virtual Zoom meeting in March to discuss plans for the 2022 season.**

*Where will our plans take us in 2022? Okay, probably NOT the Giza Plateau, but at least out of the damn garage, this year!*

In the meantime, stay safe, get your boosters, and think about how great it will be to see one another again. We have acutely missed that simple pleasure, but the road ahead beckons.

—Charles

## Bank Top Brewery

## Flat Cap Pale Bitter

Founded in 1995, Bank Top Brewery is nestled in the former mill village of Bank Top in North Bolton. Our custom-built 11-barrel brew plant is housed in the picturesque Grade II listed tennis pavilion, where we brew an average of 22,000 pints per week.

We pride ourselves on using the finest quality raw ingredients, paying homage to the history of British brewing by using floor malt from the oldest working malting –

Warminster Maltings (founded 1855) and also Crisp Malt (founded 1870). They both offer a diverse range of malts which is hand crafted by maltsters using methods and tools relied upon for over 165 years.

We always use the finest international hops sourced from Charles Faram who have been supplying hops for over 150 years. All of our fan-favorite flavors come from skilled ingredient mixing with no artificial colors or flavorings, by our talented brewing team.

As a member of SIBA, the Society of Independent Brewers, a trade association established to promote and protect the interests of other independent breweries just like ourselves. As SIBA members, we strive to preserve the traditional styles and methods of brewing whilst raising the profile of craft beer.

Flat Cap is our signature beer, a pale bitter with a citrus aroma and hoppy citrus finish.

**NEW ENGLAND MG ‘T’ REGISTER, LTD.  
GOF MK 108 CORNING/WATKINS GLEN, NY  
JUNE 29 - JULY 3, 2022**

The Watkins Glen Corning area offers a lot of educational and fun activity. Corning has the Corning Museum of Glass where you can see the history of glass development and the latest in glass art as well as an opportunity to shape your own piece of glass. The Rockwell Museum close by offers the opportunity to explore art about the American experience. Nearby Hammondsport offer the Glenn Curtis Museum with over 60,000 square feet of Vintage Planes, Motorcycles, Cars, and Boats for an exhibition on how aviation and motorcycle innovation grew in the area. Visit the Finger Lakes Boating Museum for view of the boating activities and boat building in the Finger Lakes region. Watkins Glen will be the highlight of the visit with an opportunity to “Drive the Glen” at the Watkins Glen International race track where we can take three laps in parade style with memorable pictures of your car on the track. In addition, a short drive (about 6 miles) is available to follow the old race track path around the outskirts of Watkins Glen (at local speed limits of course).
